VENDOR HANDBOOK

Our market encourages, supports, and promotes the entrepreneurial efforts of local, independent, and small-scale farmers, food producers, and artisans seeking to sell their products directly to consumers. We are proud to be an incubator for small local businesses.

Our market is registered with the Ohio Department of Agriculture as a “Farmers Market,” which is defined as a location where producers congregate to offer fresh fruits and vegetables and other food items for sale. As such, farmers market vendors that offer for sale only one or more of the following are exempt from retail licensing:

- Fresh unprocessed fruits or vegetables
- Maple syrup from an exempt producer, sorghum, or honey (properly labeled)
- Properly labeled products of a cottage food production operation
- Commercially prepackaged food that is not potentially hazardous, on the condition that the food is contained in displays, the total space of which equals less than one hundred cubic feet on the premises where the person conducts business at the farmers’ market.

A vendor that is not exempt because of the types of food they are selling (i.e. a product other than one listed above) must be licensed and/or regulated by the local health department that has jurisdiction, and must abide by all licensing and/or permitting

requirements including but not limited to Mobile Food Operation, Food Safety (such as Home Bakery or Frozen), and Nursery Dealer License. It is the non-exempt vendor's sole responsibility to acquire all appropriate licenses and comply with all federal, state, and local regulations.

DEFINITIONS and RESPONSIBILITIES

All vendors must qualify in at least one of the following categories:

- Farmer - a person who owns or manages a farm; a person who cultivates land or crops or raises animals. Includes fruit, vegetable, or flower growers; raising animals for meat, dairy, or eggs; producer of trees, shrubs, plants, or bulbs; cheese maker; honey or maple syrup producer.
- Food Producer - a person or company that creates edible goods; a producer of food ("Cottage Food" or licensed) to take home. Includes but is not limited to jams, cider, pickles, bread and pastries.
- Artisans - a person or company that creates non-edible goods; an artist, crafter, or maker of art, trinkets or other handmade items. Includes but is not limited to accessories, apparel, art, bath and body, ceramics, fiber goods, housewares, jewelry, leather, mixed media, paper, toys and woodworking.
- Food Trucks - a mobile structure or vehicle equipped with facilities for cooking and selling food; a temperature-controlled structure or vehicle providing ready-to-eat foods.

Vendors should review the following section(s) and responsibilities appropriate to their business and product(s). Those who wish to sell in multiple categories must follow the guidelines for each applicable category.

FARMER

Given our support of and desire to promote Ohio agriculture and farming, vendors of the market(s) should be farmers themselves, a family member of the farm represented, business partners or direct employee of the business. In addition, employees or members of an agricultural cooperative are allowed.

- Farmers are to sell only what they produce.
- All products must be grown in Ohio.

- Farmers may sell value added products that they themselves do not produce, pending approval from the Market Manager. Preference is that you produce the product yourself.
- Farmers who distribute CSA shares and include products grown or made by other farmers or food producers in their shares may not sell those products at the market.
- All products are subject to approval by the Market Manager.
- PRODUCTS PURCHASED AT WHOLESALE, AUCTION, OR “TERMINALS” IS STRICTLY PROHIBITED.
- All products are subject to approval and therefore, shall be submitted with the vendor's application. However, individual varieties are not required. For example, if your farm grows lettuce, you are only required to submit “lettuce,” not each individual variety of lettuce your farm grows.
- Only items approved by the Market Manager may be sold at the market.
- The Market Manager may remove any product not approved for sale.

FOOD PRODUCER

Our market is committed to building a sustainable and thriving local food economy. To that end, all vendors selling value-added, cottage foods, or prepared food items must demonstrate to the market that they source as many ingredients from Ohio farmers and businesses as possible (i.e. eggs, produce, honey, milk, meat).

The Market Manager reserves the right to audit a food producer’s sourcing at any time. Food producers may be required to submit receipts or invoices that show their local sourcing relationships, including contact information of the farm or business.

- Food producers may sell products that they, themselves, have produced.
- Preference is given to food producers who utilize products that they, themselves, grow.
- Products sold by food producers should reflect the local agricultural system (i.e. if two vendors apply, one vendor with orange juice, the other with apple cider, preference is given to the vendor with apple cider because it is made of a raw product that is grown in Ohio).
- Products must comply with all city, state, and federal regulations.
- All products are subject to approval by the Market Manager.

- PRODUCTS PURCHASED AT WHOLESALE, AUCTION, OR “TERMINALS” IS STRICTLY PROHIBITED.
- If selling products under the guise of “Cottage Food Production,” vendor shall adhere to all policies set forth in the Ohio Administrative Code, Chapter 901: 3-20 Cottage Food Production, including labeling of product(s).
- The Market Manager may remove any product not approved for sale.

ARTISANS

Artisans are permitted on a case-by case basis. We prioritize food vendors and our goal is to keep 80% of the vendors food based.

- Products must be made by the vendor.
- Preference is given to Ohio related products and/or products made with Ohio-sourced materials.

FOOD TRUCKS

- All food trucks must be properly licensed with city, state and/or federal agencies.
- Food trucks using propane and/or deep frying for food preparation must have a fire extinguisher that is compliant with safety codes and procedures.

INSPECTION

All vendors are required to comply with the rules set forth in this Vendor Handbook, which includes transparency of production and product sourcing. The market, Market Manager or an appointed third party working on behalf of the organization, reserves the right to inspect your farm or establishment and its primary sites of production, announced or not, at any point in time. However, if and when possible, the Market Manager will provide 48-hours advance notice of planned inspection.

If a farm or business chooses to decline an inspection by the market, a Market Manager, or appointed third party, said refusal will be cause for immediate suspension from the market.
